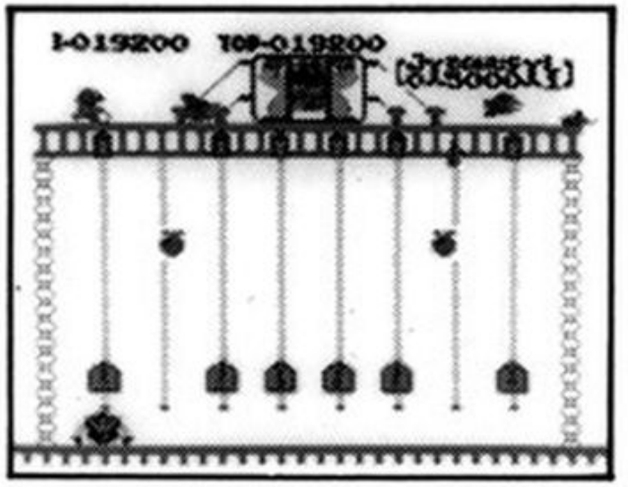
- Rounds 1 to 3: Try to make it to the key at the top of the screen. If you jump onto the vine next to the key, the game will automatically advance to the next round.

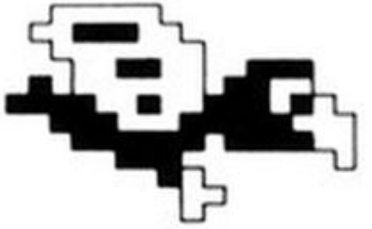


- In the fourth round, push the six keys up and insert them into the key holes at the top of the screen. The chains on the cage will then fall off, and Papa can be rescued.

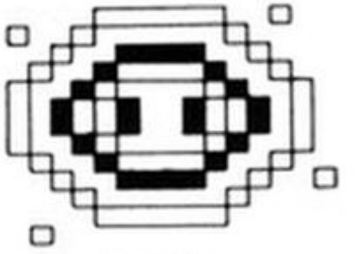
Characters

Junior

Snapjaw

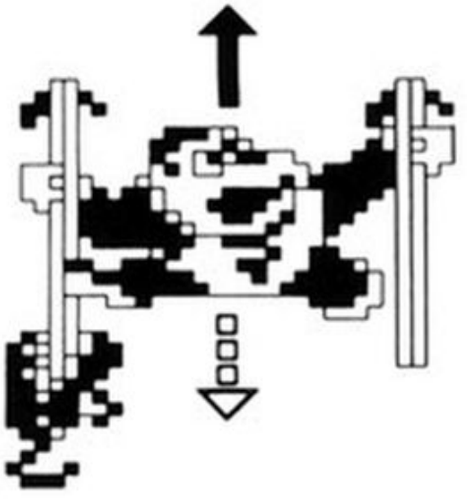


Nitpicker



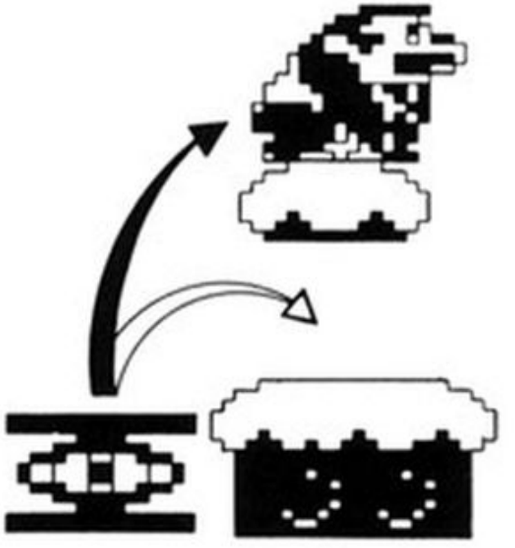
Spark

Hints . . . . . Use these three special techniques to speed up the action.



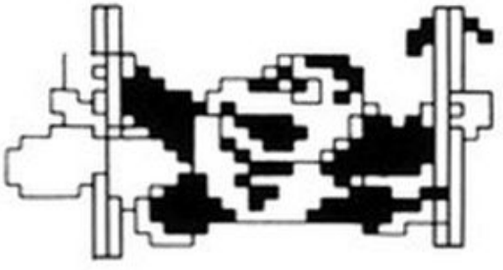
* Climb up quickly by grabbing onto two vines at once.

* Slide down quickly by holding onto one vine.



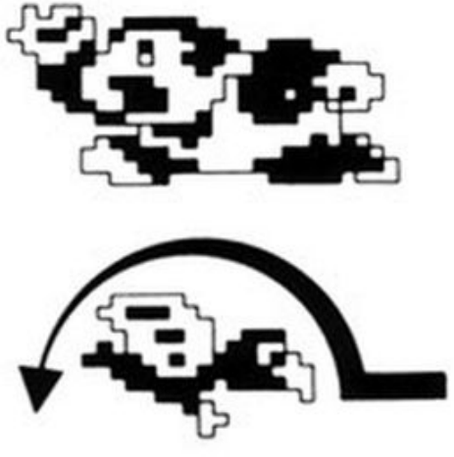
* **High jump (second round)**
  A well-timed press of the "A" button will allow you to jump all the way to the moving island using the spring board.

Scoring ..... Four ways to improve your score.

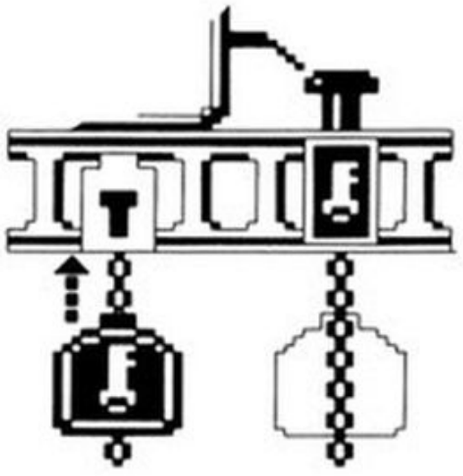


* **Fruit attack**
Additional points for getting fruit. Drop the fruit on the enemy. Knock out several bad guys at once and get a special high score!

* **Bonus points**
When you reach the key, bonus points are added to your score. The bonus points you get depend on how long it takes you to reach the key; the longer you take, the lower the bonus. Time runs out at the same time the bonus points go to zero, and Junior is finished.



* **Jumps**
Jump over a nitpicker or spark to successfully escape their attack and get additional points.



* **Additional points with the keys (fourth round)**
  Additional points are given for each key inserted into a keyhole. You can insert two keys at once using both hands.

Bonus: If your score goes over 20,000, you get an extra Junior.

Beware!

Watch out for the following: getting bitten by a snapjaw, getting pecked by a nitpicker, colliding with a spark, and falling from a vine. Each time one of these happens, one Junior disappears. When all Juniors are gone, the game is over.

Loops

After clearing the fourth round and saving Papa, the first loop is over. Next, challenge the second loop. The number of enemies and their speed increases. Compete to see who gets the highest score or the highest loop!
